

Plush Content Co. Image License Agreement

Down to all things legal!

The Buyer acknowledges their purchase holds a non-exclusive license. The Buyer may utilise images for personal or professional use during the course of normal business practices. This is a commercial license. All images remain the exclusive copyright of Push Content Co., unless otherwise stated. You may not use the images without direct permission from Plush Content Co.

What you CAN do:

- Crop the image, resize, or change the image orientation
- Overlay image with text, PDF documents, products, screenshots
- Add filters to the image
- Use the image for email opt-ins, freebies, workbooks, ebooks as long as the image has text overlay or other graphics and cannot be directly extracted from the source
- You may use the image on your social media platforms, blog posts, and websites

What you CAN'T do:

- Otherwise edit, manipulate or alter the image in any way
- Sell, give away, lease or transfer the image or allow any other third party to use the image
- Give the image to your customers or clients even if you have added text or graphic overlays
- Create a by-product of the image for example desktop/mobile screensavers, quote graphics, printables, mugs, screensavers or any similar products and either sell to a third party or give away for free
- You may not use the image for any offensive, pornographic, sexual, or illegal use
- Use the stock photos to promote other *stock-related products*, webinars, worksheets, resources, courses etc be it either for free or paid

Amanda Campeanu, creator of Plush Content Co. remains the sole and exclusive owner of the copyright of the image.

Credit or attribution is not required when using the images, but is always appreciated! Just tag @plushcontentco so we can see how you've used your stock photos to reflect your brand!

The Buyer acknowledges that Amanda Campeanu | Plush Content Co. are not liable for any damages or claims relating to the use of your images provided by Plush Content Co be it either in the case the images have or have not been modified by you or mixed in with other content.
